THE ART OF LIGHT

The sculpted peaks and eaves combined with a hint of nautical flare create an open air event space like nothing you've experienced before. The translucence of our sail cloth fabric richly enhances daytime events with warm, natural light and dramatically glows when lit for evening gatherings.

Whether along the coast, on a vineyard, or in the beauty of your own backyard, our Tidewater Tents are certain to provide the perfect backdrop for the time of your life. The graceful lines of our tents are created using ProSail™ sail cloth fabric, which is both waterproof and durable, assuring that your important occasion is not affected by the elements. The unique design can also be married to specialty flooring, lighting and custom décor so that all the elements of your event flow together seamlessly.
